Hotel Corridor and Room Upgrades.

The recent Christmas break provided a perfect opportunity for us to refurbish our corridors. All 3 floors of the original hotel wings now have new carpet. Furthermore, all walls and doors have been repainted in the lighter color scheme used in the new Deluxe South Wing that opened last year. This work is the final stage in linking up our 3 wings by creating a similar look and feel in these spaces. The Cullinan wing of Deluxe Rooms is also undergoing maintenance; tiling is being repaired and the original flat-screen televisions are being replaced by larger 32 inch ones. All Premier and Overnighter rooms will also have flat-screen TV's. The Overnighter rooms will be spruced up with new 3-up sheeting and bed throws. We have received many

guest comments about the high noise levels in our outer facing rooms that occurs from the surrounding roads and business area. We are pleased to advise that all the windows of these rooms are having a double glass panel structure installed and noise levels will decrease significantly!
