

AUDIO VISUAL EQUIPMENT HIRE

KAURI & RIMU ROOM – WING 1

Data Projector (Includes the following):

- HDMI Connection (wired) or ScreenBeam Connection (wireless)
- In-room speakers

SCREENBEAM WIRELESS PRESENTATION

ScreenBeam allows users to wirelessly mirror or extend their laptop screen to a larger display, such as a TV or projector. Some boardrooms are equipped with ScreenBeam and include in-room webcams for online conferencing. To use the webcam, client users will need to download the ScreenBeam Conference software.

KIWI & PUKEKO ROOM (OR KIWI BALLROOM WHEN COMBINED) – WING 4 GROUND FLOOR

- Data Projector
- Lectern with microphone
- Lapel headset microphone
- Hand-held microphone
- Haast Restaurant Handheld microphone

KOKAKO ROOM – WING 4 LEVEL 5

- Data Projector
- Hand-held microphone

MANUKA BOARDROOM – WING 1 KOWHAI & POHUTUKAWA BOARDROOM – WING 2

- 65-inch TV display

ScreenBeam Conference (wireless connection). Includes the following:

- In-room webcam
- Client devices must download the ScreenBeam Conference App to use the in-room webcam.

CLICKSHARE WIRELESS PRESENTATION

ClickShare allows users to share their screen or specific content wirelessly to a central display without the need for cables or complex setups. It's an easy and efficient way to connect and present content during meetings.

DANTE AUDIO ADAPTERS – WING 4 GROUND FLOOR ROOMS ONLY

By using Dante adapters, all microphones in the conference room can be connected over a single, simple network. This setup is particularly beneficial for online conference calls in large meeting rooms, ensuring that everyone can be heard clearly by using the room's microphones.
